## ABOUT

A striking Swedish tabernacle from the 1970s, crafted with a gilded metal structure and adorned with vibrant enamel panels. The front doors feature an expressive religious scene in a bold, modernist style (with strong Art Deco influence), depicting Christ and his disciples in a moment of communion, rendered in rich reds, blues, and golds. The edges are embellished with textured jewel-like quality glass cabochons. Elevated on four feet, great vintage condition. Key included.
