## ABOUT

Impressive scale French candelabra in Venetian style. A gilt cast iron baluster stem with multi-tiered branches is mounted on a painted and parcel-gilt wooden base. The structure is richly ornamented with cut and pressed crystal and glass elements in floral and geometric forms, further accented with applied colored glass rosettes in blue and green. The arrangement includes three candle arms terminating in gilt nozzles.

The candelabra has been fully restored. The base was stabilized with plaster fillings and the hand-painted and gilt surfaces carefully retouched. All crystal ornaments were re-attached using modern wiring, preserving of the original decorative scheme.
