## ABOUT

"Ox Drovers" – a distinctive yet rare painting by South African sculptor Stella Shawzin. Signed on the lower right. Newly framed.

Stella Shawzin (1920-2020) was a multidisciplinary artist. She is internationally known mostly for her monumental figurative sculptures, but she originally trained as an actor, singer, and dancer, participating in theater plays and films. Later, upon moving to New York, she expanded her mediums to include graphics and painting.

In March 204 Cabinet of Curiosity presented an exhibition dedicated to the lesser-known side of Stella Shawzin's body of work: the exploration of South African harbors and field landscapes, people, and their heritage, depicted by the artist in the mid-20th century.
